54.314 Filing Requirements – State Certifications

Supporting Regulations

54.314(a) – States that desire eligible telecommunications carriers to receive support pursuant to the high-cost program must file an annual certification with the Administrator and the Commission stating that all federal high-cost support provided to such carriers within that State was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. High-cost support shall only be provided to the extent that the State has filed the requisite certification pursuant to this section.

54.314(c)(1) – A certification pursuant to this section may be filed in the form of a letter from the appropriate regulatory authority for the State, and must be filed with both the Office of the Secretary of the Commission clearly referencing WC Docket No. 14-58, and with the Administrator of the high-cost support mechanism, on or before the deadlines set forth in paragraph (d) of this section. If provided by the appropriate regulatory authority for the State, the annual certification must identify which carriers in the State are eligible to receive federal support during the applicable 12-month period, and must certify that those carriers only used support during the preceding calendar year and will only use support in the coming calendar year for the provision, maintenance, and upgrading of facilities and services for which support is intended. A State may file a supplemental certification for carriers not subject to the State’s annual certification. All certificates filed by a State pursuant to this section shall become part of the public record maintained by the Commission.

54.314(d) – In order for an eligible telecommunications carrier to receive federal high-cost support, the State or the carrier, if not subject to the jurisdiction of a State, must file an annual certification, as described in paragraph (c) of this section, with both the Administrator and the Commission. Upon the filing of the certification described in this section, support shall be provided in accordance with the following schedule:

- (1) Carriers subject to certifications filed on or before October 1 shall receive support in the first, second, third, and fourth quarters of the succeeding year.
- (2) Carrier subject to certifications filed on or before January 1 shall receive support in the second, third, and fourth quarters of that year. Such carriers shall not receive support in the first quarter of that year.
- (3) Carriers subject to certifications filed on or before April 1 shall receive support in the third and fourth quarters of that year. Such carriers shall not receive support in the first or second quarters of that year.
- (4) Carriers subject to certifications filed on or before July 1 shall receive support beginning in the fourth quarter of that year. Such carriers shall not receive support in the first, second, or third quarters of that year.
- (5) Carriers subject to certifications filed after July 1 shall not receive support in that year.
- (6) Notwithstanding the deadlines in paragraph (d) of this section, a carrier shall be eligible to receive support as of the effective date of its designation as an eligible telecommunications carrier under section 214(e)(2) or (e)(6) of the Act, provided that it files the certification described in paragraph (b) of this section or the state commission files the certification described in paragraph (a) of this section within 60 days of the effective date of the carrier’s designation as an eligible telecommunications carrier. Thereafter, the certification required by paragraphs (a) or (b) of this section must be submitted pursuant to the schedule in paragraph (d) of this section.

Getting Started

Preparing to Access the System

- Use [Google Chrome](#) (highly recommended), [Firefox](#), or Internet Explorer (version 8 or 9) when completing the 54.314 certification.
 - Screenshots will vary slightly from browser to browser.
 - If using newer versions of Internet Explorer, you may encounter compatibility issues.
- When navigating between screens, do not use your browser back and forward arrows as this will result in exiting the system. Use the buttons provided within the system in order to navigate within and exit the system.
- If you are inside the system and log-out but later wish to sign-on to the system again, you should close your browser and re-open it or delete the cookies in the event you experience any issues with the website.

Creating a User Profile

In order to gain access to the 54.314 certification system, state representatives will need to complete the On-Line Filing Request Form (as seen below). You can receive a copy of the form by sending the request via email to hccerts@usac.org.

The form requires the following fields to be completed:

- Date of request
- First and last name of the state representative
- Title of the state representative
- Phone number of the state representative
- Email of the state representative – Note this email address will serve as a user ID and will be the location to where confirmation of certifications are sent
- State commission name – This name will appear in the PDF file generated during the certification process
- Address of the state commission
- Requestor signature – signature of the state representative named in the document

ON-LINE FILING REQUEST FORM
High Cost 54.314 Certification

In order to receive access privileges to the on-line 54.314 Certification Filing System¹, you must complete this form and send the request to the High Cost Division at hccerts@usac.org for authorization and processing. Access will allow an authorized user of the state commission the convenience of securely filing the annual high-cost certification using USAC's on-line filing system.

Please provide the requested information below. The information will be used to create a user account and temporary password. After your form has been processed, you will be provided with the information listed below by email:

- A link to the on-line system
- Login information
- Instructions on how to use the system

If you have any questions regarding this form, please email the High Cost Division at hccerts@usac.org.

Requestor Information:
Date of Request:
First/Last Name:
Title:
Phone Number:
Email:
State Commission Name:
Address:
Requestor Signature:

Please complete the form and send it to hccerts@usac.org

Upon completion of the form, the state commission representative should send the document to hccerts@usac.org. Users will receive an email response from USAC which contains a user ID and temporary password that will allow them to access the 54.314 certification system. Your user ID will match the email address provided in the On-Line Filing Request Form.

54.314 State Certification

Only **ONE** state representative should be authorized to use the system at any given time. If there is a change in the assignment of who should complete the 54.314 certification, the state commission should contact USAC (at hccerts@usac.org) to inform USAC that a change has occurred and to request a new On-line Filing Request Form. The new state representative must submit the On-Line Filing Request Form containing details for the newly assigned contact. A new user ID and password will be issued upon change in personnel.

Accessing the 54.314 Certification System

- Go to E-File (<https://forms.universalservice.org/>).
- Enter your user ID and password, as provided by USAC, in the fields provided.
- Click the box to accept USAC's policy.
- Click on the "Login" button.

- There are a total of nine columns:
 - The first column which contains the check boxes is the only column the user will need to interact with in order to have a successful certification.
 - The “SAC” column shows a list of SACs which are available for a given state to certify. Note that in the event you identify a missing SAC, please contact hccerts@usac.org.
 - The “Carrier Name” column shows a list of telecommunications companies eligible for certification within the given state.
 - The “State” column shows the state in which the telecommunications company is authorized to receive support. Note that some companies are cross-jurisdictional and companies in neighboring states may appear on the list such as the Illinois companies listed in the picture above.
 - The “Carrier Type” column identifies what type of carrier is located in that row (ILEC, CETC, etc.).
 - The “Certified Last Year” column indicates whether the given state commission certified the SAC in the prior 54.314 certification.
 - The “Certified This Year” column indicates whether the given state commission certified the SAC in the current 54.314 certification.
 - The “Filing Number” column will display a filing number for any SACs which have been certified. Note that it is possible to certify SACs in batches. For example, a state representative may certify half the SACs in the first filing, and then they might certify the remaining SACs in a second filing.
 - The “Status” column indicates whether the SAC was certified in a timely manner.
- Users are able to filter and sort the SACs listed based on certain criteria. The following columns permit the user to sort: SAC, Carrier Name, State, Carrier Type, and Certified This Year. The following columns permit filters: SAC, Carrier Name, State, and Carrier Type.

- Right click into an Excel spreadsheet. Users should have the option to “paste” and to select “match destination formatting.” You should not “paste” and “keep source formatting” as that would make the results difficult to read. After some spacing of the columns, the Excel file should appear as seen below. Note that Chrome was used for placing this in Excel below, but your experience may vary based on browser.

54.314 State Certification

State representatives should complete this page using the following procedures:

- In the first blank field, enter the name of the state commission representative. This field is required. This name should match the name provided on the On-Line Filing Request Form previously emailed to hccerts@usac.org. On this form, the field marked “First/Last Name” is the relevant field. If your entry in any way deviates from the On-Line Filing Request Form (such as middle initials), the filing will not successfully certify. If you have questions on the exact name to use, please contact hccerts@usac.org.

- Unsuccessful name:

The screenshot shows the '54.314 CERTIFICATION' form. Under 'Submission Year: 2014', there is a section for 'Required fields'. The 'Certification Form' section contains the field 'Name of Certifying State Commission Representative: *'. The text 'Wisconsin State' is entered in the field. To the right of the field, a red error message with an 'x' icon states: 'Officer's Name does NOT match the name associated with the user'. A blue oval highlights the error message and the text 'Wisconsin State'.

- Successful name:

54.314 State Certification

- Please note that if you accidentally certify a SAC that you should not have certified, you will be unable to remove your check. Once a SAC is certified, it appears certified permanently. The only additional action that can be taken is to certify additional SACs that have not yet been certified. If you would like to remove a certification for a SAC, please contact USAC at hccerts@usac.org.

Filing Multiple Certifications

In the event you do not certify all SACs within one session, you have the opportunity to log back into the system and certify those SACs. To certify additional SACs, perform the following procedures.

- Log into E-File just as was done for the original filing. You will see a screen that shows certified and non-certified SACs.

54.314 Filing with the FCC

State commission representatives filing through E-File can print out copies of the 54.314 letter to be filed with the FCC and other regulatory entities.

- Go to the SAC selection screen (shown below).
- Click on the PDF icon in the “Filing Number” column of this screen. This will appear for rows that are greyed out since these SACs have been certified. When viewing a PDF, note that the certification will display all SACs that were certified during that filing. For example, the PDF next to filing #1 would include all four SACs displayed below with that filing number. You would need to print one PDF of each filing number in order to have a complete submission to the FCC.
