Submit Third-Party Authorizations (TPAs) in RHC Connect!

If you are a health care provider (HCP) participating in the Healthcare Connect Fund (HCF) or Telecommunications (Telecom) Program, and a consultant or other third party (i.e., anyone who is not employed by the HCP) will file forms on behalf of your site, a third-party authorization (TPA) must be filed with USAC. A TPA provides written authorization to USAC, allowing the third-party to complete and submit forms on behalf of the HCP or consortium in the HCF or Telecom Program. RHC program participants may now submit third party authorizations in RHC Connect. Please use the following resources to submit your TPAs:

- [Third-Party Authorization](#)
- [RHC Connect - Third-Party Authorization User Guide](#)
- [Sample TPAs](#)

As a reminder for consortia applicants, Letters of Agency (LOAs) and Letters of Exemption (LOEs) are also submitted in RHC Connect. Please use the following resources to submit LOAs and LOEs:

- [Letter of Agency \(LOA\)](#)
- [Letter of Exemption](#)
- [RHC Connect LOA/LOE User Guide](#)
- [Sample LOA](#)

Reminders for Account Holders

Per RHC program rules, a primary and secondary account holder for an individual HCP must be an officer, director, or authorized employee of the HCP. For consortium applicants in the HCF Program, the Project Coordinator must be an officer, director, or other authorized employee of the Consortium Leader. If you are an HCP participating in the HCF or Telecom Program and a consultant or other third party will file forms on your behalf, you must file a [TPA](#).

Per FCC Order 19-78, if you are a consultant, you must obtain a consultant group registration number when logging into RHC Connect. In My Portal, the system automatically assigned a number; however in RHC Connect, the registration number is only assigned once the simple registration process is complete. Please follow the steps shown in [RHC Connect – Third Party Authorization User Guide](#), starting on page 9, to complete your consultant group registration and obtain the registration number.

Note: The primary account holder is responsible for all activities associated with submitting and certifying forms, and for all activities in the RHC program for their HCP site.

Letter(s) of Agency and Third-Party Authorizations

Please be sure that all authorizations, including LOAs and TPAs, are current and up to date through the end of FY2025 and forward. For more information about LOAs, visit the [Letter of Agency](#) webpage. For more information about TPA requirements, visit the [Third-party authorization \(TPA\)](#) webpage.

Duplicate Funding Prohibited

Please remember: FCC rules prohibit duplicate funding for the same service, for the same locations, during the same period, from more than one FCC program. This includes the RHC programs (HCF and Telecom) and the Connected Care Pilot Program (CCPP).

What To Do When You Receive an Information Request

As part of their review of any eligibility, requests for services, funding requests, and invoicing forms, RHC reviewers may need further information or explanation. If so, RHC staff will contact all account holders (the primary and all secondary and tertiary account holders associated with the HCP) with a request for additional information ("Information Request"). This request will assist with the collection of any missing documentation, address deficiencies, or gather general information required to address questions of FCC form reviewers.

Search Posted Services Tool for HCF and Telecom Program

The [Search Posted Services](#) tool is available on the USAC website. This tool is a streamlined version of the [Rural Health Care Posted Services \(FCC Forms 461 and 465\)](#) dataset, making it easier to search for posted services and download documents. This tool, and the underlying dataset, have replaced the HCF Program - Search Posted Services tool and the Telecom Program - Search Posted Services tool for FY2023 and forward. The dataset contains data from the FCC Forms 461 and 465 (i.e., services requested for current and past funding years). The Open Data portal allows you to filter, sort, and visualize the data in many ways. There are hyperlinks in columns where you can download the PDF version of the FCC Form 461, Request for Proposals (RFP), and any other additional documentation submitted with the FCC Form 461.

Important Deadlines and Reminders

The following are recommended dates to submit the FCC Forms 460, 461, and 465 with enough time to file funding requests (FCC Forms 462 and 466) before the end of the FY2025 filing window.

Program Form	Last Day to Submit for Individual HCPs Using an RFP
FCC Form 460 (Eligibility)	March 10, 2025 (Recommended Date)
FCC Forms 461 & 465 (Request for Services)	April 14, 2025 (Recommended Date)
FCC Form 462 & 466 (Funding Request)	June 2, 2025 (Deadline to Submit)

Form	Last Day to Submit for Individual HCPs NOT Using an RFP
-------------	--

Form 460 (Eligibility)	March 4, 2025 (Recommended Date)
------------------------	----------------------------------

Form 461 & 465 (Request for Services)	April 10, 2025 (Recommended Date)
---------------------------------------	-----------------------------------

Form 462 & 466 (Funding Request)	June 2, 2025 (Deadline to Submit)
----------------------------------	-----------------------------------

Please note that the FCC Forms 460, 461, and 465 submission dates are not mandatory deadlines per the RHC program rules, but rather recommended key dates to ensure that the FCC Forms 461 and 465 are posted to USAC's website early enough for a 28-day competitive bidding period before the deadline to submit FCC Forms 462 and 466. If FCC Forms 461 and 465 are submitted with a request for proposal (RFP), allow at least an additional 10 days for review.

Information Request Tips for the Telecom Program

- For FY2024 and FY2025 FCC Forms 466, an auto-generated email will be sent directing HCPs to RHC Connect to respond. HCPs should respond through RHC Connect only. Please use the [Information Request Tip Sheet](#) to help you navigate Information Requests sent through RHC Connect.
- For prior years and all other Telecom Program forms, HCPs can receive Telecom Program Information Requests through My Portal or by email.
 - For Information Requests received through My Portal, HCPs should respond through My Portal only.
 - For Information Requests received by email, HCPs should "Reply All" to the email message.
- Use only Chrome, Firefox, or Microsoft Edge internet browsers when using My Portal and RHC Connect.
- When uploading a document as a response, the file must be limited to 10MB and its file name should not contain any special characters, only letters and numbers.

Information Request Tips for the HCF Program

- For FY2024 and FY2025 FCC Forms 462, an auto-generated email will be sent directing HCPs to RHC Connect to respond. HCPs should respond through RHC Connect only. Please use the [Information Request Tip Sheet](#) to help you navigate Information Requests sent through RHC Connect.
- HCPs that receive HCF Program Information Requests through email should "Reply All" to the email message.

- When uploading a document as a response, the file must be limited to 10MB and its file name should not contain any special characters, only letters and numbers.

Commitments for FY2024

To deliver funding decisions quicker, the RHC team began reviewing funding requests before the FY2024 filing window closed. The first FY2024 funding commitments were issued on June 20, 2024, six weeks after the close of the filing window. To date, RHC's FY2024 processing status is as follows:

- HCF Program: **97.72** percent of FCC Forms 462 are committed (Approved, Denied, or Withdrawn)
- Telecom Program: **95.9** percent of FCC Forms 466 are committed (Approved, Denied, or Withdrawn)

As of March 28, 2025, RHC has processed 97.5 percent of applications received and 83.8 percent of total funds requested for both the Telecom and HCF Programs.

FCC News

FCC Released Order FCC 23-110: Continuing Improvements to Rural Health Care Program Procedures

On December 14, 2023, the FCC released Third Report and Order, [FCC 23-110](#). This order improves RHC program administration and facilitates participation in the program by allowing HCPs that expect to become eligible during a funding year to complete the processes required to request funding, aligns program deadlines, simplifies rules for calculating urban rates, streamlines administrative processes, and frees up unused funding for other purposes.

Rule Changes

This Third Report and Order:

- Permits HCPs to be granted conditional eligibility, thus allowing them to initiate competitive bidding and request funding before they meet all eligibility requirements. An HCP must meet all eligibility requirements before it receives a funding commitment.
- Provides HCPs more time to complete Service Provider Identification Number (SPIN) changes by moving the SPIN change deadline to align with the invoice filing deadline.
- Simplifies urban rate calculations by eliminating the seldom-used "standard urban distance" component of the RHC program rule for determining urban rates in the Telecom Program.
- Allows HCPs to request changes to the dates covered by an evergreen contract under certain circumstances.
- Adopts the FCC Form 460 for eligibility determinations in the Telecom Program, which will eliminate the need for Telecom Program participants to seek an eligibility determination every time they engage in competitive bidding.

For more information, read Order [FCC 23-110](#).

RHC Connect Updates

RHC Connect Updates – FCC Forms 460, 465, and 469

The FCC Forms 460, 465, and 469 are now available in RHC Connect. The changes to these forms are as follows:

- Per [FCC Order 23-110](#), the FCC Form 460 is used to determine eligibility of HCP sites in the HCF Program and the Telecom Program. In addition, applicants may be granted conditional eligibility, thus allowing them to initiate competitive bidding and request funding before their full eligibility has been established. An HCP must be fully eligible before a funding commitment will be released.
- The FCC Form 465 is used to request services for the Telecom Program, the same way the FCC Form 461 is used in the HCF Program. It is now available for use in RHC Connect.
- The FCC Form 469 is the new Telecom Program invoice. Per [FCC Order 23-6](#), the new Telecom Program invoicing process is similar to the invoicing process in the HCF Program. One key difference is that the service provider will submit the FCC Form 469 in RHC Connect, the applicant will receive an email alerting them of the submission, and the applicant will officially submit the form to USAC by certifying and signing the form.
- For FY2024, the FCC Form 467, the Healthcare Provider Support Schedule (HSS), and the previous Telecom Program Invoice will be eliminated in the Telecom Program.

RHC Connect for Service Providers

As you submit the FCC Form 463, please keep in mind that the General Contact on the FCC Form 498 is the only user for the company who can create additional logins for other users in that company.

If you have trouble accessing RHC Connect, it may be a result of outdated information on the FCC Form 498 (Service Provider and Billed Entity Identification Number and General Contact Information Form). To correct the issue, please update your FCC Form 498 as soon as possible and, if applicable, your Unique Entity Identifier (UEI) on the [SAM.gov](#) webpage. For more information, please visit the [Manage Your 498 ID](#) webpage on the USAC website.

A [user guide for the FCC Form 463](#) and a [user guide for the FCC Form 469](#) specifically for service providers is now available on the [Step 5: Invoice USAC](#) webpage in the RHC service provider section of the USAC website.

Online Tools

New! SPIN Lookup Tool Available in Open Data!

Do you want to see if a service provider is registered with USAC? Do you want to see if a service provider has provided the required certifications on their FCC forms, allowing them to participate in the RHC program? A [SPIN Lookup Tool](#) is now available on the RHC Open Data webpage.

The RHC Service Provider Download Tool can be used to:

- View and export service provider profile data found in RHC Connect. This data includes important information regarding the service provider, such as contact information and details regarding the FCC Forms 498 and 499.

Invoice Filing Deadlines

The [Invoice Filing Deadline tool](#) replaced the Invoicing Deadline spreadsheet. The tool allows service

providers and HCPs to look up the deadline to submit invoices for funding commitments. The tool allows users to avoid having to set up specific Excel configurations to find their deadlines.

Open Data Platform

As part of USAC's Open Data initiative, we make RHC program data open and accessible to the general public. Anyone is free to use, re-use, and redistribute the data in our data sets to access all of the raw data submitted by universal service program participants. The following data sets are available on the Open Data platform for the RHC program:

- [Rural Health Care Commitments and Disbursements \(FCC Form 462/466/466A\)](#) - This dataset contains data about funding decisions, total committed amounts, and total disbursement amounts for the RHC program.
- [RHC Posted Services Tool](#) – This tool allows service providers to view service request information by individual HCPs and consortia applying for funding through the RHC program.
- [Rural Health Care Posted Services \(FCC Form 461/465\)](#) - This dataset allows service providers to view service request information provided by the RHC program. The data is collected from the FCC Forms 461 and 465, which includes the service request information.

Certifications Requirements for National Supply Chain

As a reminder, when service providers log in to My Portal, two Supply Chain certifications included in the FCC Form 463 and Telecom Program invoice will be displayed. The first certification affirms compliance with the [Section 54.9](#) prohibition on specified transactions with companies deemed to pose a national security threat. The second certification affirms compliance with [Section 54.10](#), which prohibits the use of any federal subsidies on any communications equipment and services on the [Covered List](#).

Please note: If you requested services or equipment that provide or contain components of products produced by any company on the [Covered List](#), or any of their parents, affiliates, and subsidiaries you cannot invoice for these funds. Instead, you should immediately request a service substitution prior to invoicing to ensure complete program compliance. In addition, as you proceed with competitive bidding, please ensure you are not requesting funding for services or equipment from listed covered companies or any of their parents, affiliates, and subsidiaries.

USAC updated the [Supply Chain](#) webpages to include three new subpages: [COVID-19 Broadband Programs](#), [Audits](#), and [FAQs](#).
